

CAPITAL AERO MEET IS STILL IN DOUBT

Those Interested In Event
Can't Agree Upon De-
tails of Fall Event.

BALTIMORE'S PLANS GIVEN SANCTION

Aero Club of America Gives That
City First Week In
November.

With the Aero Club of Washington withholding its endorsement of an aero meet here, until Col. Jerome H. Joyce, of the Baltimore Aero Club, raises \$20,000 in New York today for a flight from New York to Washington, and announces his plans for the proposed meet at Baltimore, Washington is in the air, so far as knowing whether a meet is to be held here this fall.

The proposed flight from New York to Washington as a feature of the Baltimore show is thought by local men to be a sop thrown to Washington in order to keep the Capital from holding another meet here this fall, and also to awaken interest here in the main show which Colonel Joyce is endeavoring to work out for the Baltimore suburb.

Chamber Favors Meet.
But there is much hope, as indicated this morning by William F. Gude, president of the Chamber of Commerce, that, while Washington business men will have no interest in the Baltimore meet, they are pretty well agreed that an aviation exhibition at Benning this fall would be a good thing for Washington, and that if the air can be cleared of the smoke caused by Colonel Joyce's plans, it is entirely likely that the chamber will favor a meet.

The only thing which may block this plan lies in the loss of time entailed in adjusting relations with Baltimore. As the Aero Club of America has given its support and sanction to Baltimore's plans for the first week in November, and as the Aero Club of Washington is bound by the rules of the organization to respect this endorsement, so much time may be consumed in getting the tangle unraveled that it may be too late for Washington to organize a meet for this fall.

Baltimore Favored.
To complicate matters J. S. Berger, the New York promoter, this morning received a telegram from the Aero Club of America stating that organization had given its sanction not only to Baltimore for the first week in November, but also to Kansas City for

the second week. The message asked whether Washington desired an option on the third week. An answer to that question has not been sent.

Dr. A. P. Zahn, secretary of the Aero Club of Washington, said today no word had come from Colonel Joyce, but that he is in New York today endeavoring to secure a prize of \$20,000 for a flight from New York to the White House in Washington. On his return tomorrow Colonel Joyce is expected to make further overtures to Washington for assistance.

Agreement Not Reached.
An attempt was made yesterday afternoon by Mr. Berger to get the local promoters together on some plan whereby a meeting could be held, but it is understood he failed in this.

J. Lynn Yeagle, Captain Fox, and J. S. Young, president of the Aero Scientific Club, were present.
Mr. Berger asserted this morning a plan of action had been reached and said the Washington Baltimore and Electric Company was considering a subscription of \$5,000 to help it along, but Yeagle today is entirely in accord with whatever plans may be made by the Chamber of Commerce, and Young declares that his club is going ahead with its amateur exhibition next month.

BOGUS INSPECTOR ROBS MAN OF \$20

Police Issue Warning Against Faker
Visiting Washington
Homes.

The Police Department has issued a warning to property holders to be on the watch for a bogus gas inspector who is making the rounds and gaining entrance to houses under the pretense that he has come to examine the meters.

He is described as being about twenty-three or twenty-four years of age, about five feet six inches in height and weighing in the neighborhood of 150 pounds. He wears a blue serge suit, a light fedora hat and has the air of a man of business.

Yesterday the man obtained \$20 from a Mr. Gotz at 618 E street northwest, by representing that he had been sent by the gas company to look at the connections.

BIG CLASS TO LEARN WOODCRAFT SECRETS

Woodmen of the World Will Conduct
Initiation At Odd Fellows'
Hall Tonight.

The class of 367 candidates who will be initiated into the mysteries of "woodcraft" tonight will be put through the ceremonies under the auspices of the Woodmen of the World, and not the Modern Woodmen of America.
The initiation this evening will take place at Odd Fellows' Hall, in Seventh street northwest. An extensive amusement program has been prepared. A smoker will close the meeting. The evening's entertainments will begin at 7:30 o'clock.

Exquisite Floral Designs.
You can depend on Gude's artists to create original, artistic floral pieces. 1214 F. —Adv't.

YOUTHFUL ELOPERS HAPPILY FORGIVEN

Intended Keeping Marriage
a Secret, But It "Leaked"
Out.

Having made a failure of their attempt to keep their marriage a secret, Mr. and Mrs. Walter H. Carroll, of Glen Echo, are today living at the home of the groom, whose parents received the couple with open arms, notwithstanding the fact that they had not approved of the idea of his marriage, as he was but eighteen years of age.

Carroll and his wife, formerly Miss Hazel Shaw, who is also eighteen years old and a daughter of the proprietor of Glen Echo Park, left their homes last Wednesday afternoon and were secretly married in Alexandria, returning to Glen Echo afterward with the intention of keeping the matter a secret.

But it was discovered and the "newlyweds" are now a part of the Carroll household. The bride's parents have also extended their blessing and good will.

TYPHOID DECREASES DURING LAST WEEK

Fewer Cases Reported to
Department—Other Con-
tagious Diseases.

Typhoid fever is on the decrease, according to the report of the Health Department for the week ending September 17.

There were three deaths from the disease during that period. Number of cases reported was eighteen, fifteen less than the preceding week. Twenty-four cases were discharged as recovered, and the total number remaining is 194.

Six new cases of infantile paralysis were reported, as compared with nine the preceding week. Two of the patients contracted the disease outside of the District of Columbia.

The record of other contagious diseases is as follows: Whooping cough, 130; diphtheria, 3; smallpox, 3; measles, 3, and chickenpox, 7.

The number of cases of communicable tuberculosis on record is 1236.

The number of deaths during the week was 111. The births numbered 132.

THE BUSY CORNER

Sounds good---doesn't it?

Suits worth up to \$25
at \$14.75

IN the first place we bought these before the garment makers' strike was settled, and they were shipped to us but went astray, and then we expected them for the opening when we thought they would make the best kind of a special bargain to sell at \$18.00, but still they did not arrive, and now they are here we are going to offer them to you at \$14.75, and the luck is surely on your side this time.

Of course they are in the very latest and newest cuts, coats 30 to 34 inches long, and skirts with the "noble" effect tempered with good sense and modified to a comfortable walking width, pleated, full flare, and kill effects.

They are made of the materials that you and every other woman will want this winter—Plain Serges, Manish Serges, Lymanville Cheviot, Basket-weaves, Diagonal Suitings, Pebble Cheviots, and Mannish Worsteds.

The majority are perfectly plain tailored—and such

tailoring, it is almost perfection, all man tailored, with all the little details carefully considered as well as the cut, the hang, and set. Coats three-quarter fitted styles chiefly. The linings also are those you usually see in much higher priced garments—Skinner's satin, satin duchesse and silk serges.

There is a great range of sizes to select from—Misses' sizes—14 to 16 years. Women's sizes, 34 to 42. Extra and odd sizes, 37 to 49.

Second Floor—Suit Department.

Our guarantee of satisfactory service with every pair

School shoes much underprice

Sizes 6 to 8	\$1.15	Sizes 8½ to 11	\$1.35	Sizes 11½ to 2	\$1.65
--------------	--------	----------------	--------	----------------	--------

These shoes are a part of the biggest and most advantageous purchase of juvenile shoes we have ever made. They are of a make that we know thoroughly and can recommend for style and serviceability, having carried same make in regular stock for several years.

All in button style, made of gun metal calfskin, patent coltskin, and vici kid. —Second floor.

Reasons Why—

You Should ADVERTISE Your Vacant or to be Vacant Houses, Flats, Apartments, Furnished Rooms in the WASHINGTON TIMES NOW:

BECAUSE, people no longer walk weary miles looking at numberless places in an effort to locate the most suitable place. They look through the ads in the daily newspaper, choose from the many advertised a few most nearly answering from the description the kind wanted, and call there.

BECAUSE, The Times is undeniably the Leading Classified Advertising Medium of Washington, and gives better results, more calls for the same amount of advertising than any other Washington newspaper.

BECAUSE, nearly everyone is now returned from vacation, and is beginning to think of the fall change of home if a change is in mind; beginning to read the "For Rent" ads and MAKING ARRANGEMENTS NOW for the change.

Talk to the Town Through the Times.

The Average Ad Cost Less Than 25c.
